## PROFESSIONAL SUMMARY

MCA graduate and aspiring Full Stack Developer with strong expertise across frontend (React.js, JavaScript, HTML5/CSS3) and backend architectures (Node.js, Express.js, Java, Spring Boot, RESTful APIs, MySQL, MongoDB). Experienced in designing responsive user interfaces, building scalable RESTful microservices, implementing secure JWT authentication, and optimizing database query performance. Skilled in Git version control, Object-Oriented Programming (OOP), Data Structures, and systematic debugging within Agile SDLC environments.

## TECHNICAL SKILLS

**Frontend Development:** React.js, JavaScript (ES6+), HTML5, CSS3, Bootstrap, Responsive UI Design, State Management

**Backend Development:** Node.js, Express.js, Java, Spring Boot, RESTful APIs, JWT Authentication

**Databases & ORM:** MySQL, MongoDB, SQLite, Schema Design, Hibernate/JPA

**Core CS & Architecture:** Object-Oriented Programming (OOP), Data Structures & Algorithms (DSA), System Architecture, SDLC

**Tools & Environment:** Git, GitHub, Postman, VS Code, Linux, npm, Maven, Chrome DevTools

## PROFESSIONAL EXPERIENCE

### SetTribe IT Solutions

Feb 2026 – Jul 2026

Full Stack Developer Intern

Pune, Maharashtra

- Engineered and integrated modular full-stack application features using React, Node.js/Spring Boot, and relational databases.
- Developed secure RESTful API endpoints with token-based authentication (JWT) and request payload validation middleware.
- Collaborated in Agile sprint meetings, utilizing Git for version control, structured branching, and cross-team code reviews.
- Executed systematic unit testing, API profiling via Postman, and debugging to resolve pre-release UI and backend defects.
- Investigated application performance bottlenecks and optimized database query execution to maintain platform reliability.

## PROJECTS

### PayStride – Digital Payment & Wallet Platform | React.js, Node.js, Express.js, MySQL, REST APIs, JWT

- Designed and implemented a full-stack digital wallet platform with React frontend and Express.js RESTful API architecture.
- Architected relational MySQL database schemas with transaction integrity, ensuring zero-loss balance updates and audit logs.
- Integrated JWT authentication, request validation, and password hashing to secure endpoints against unauthorized access.

### EduTrack – Student Management Portal | Java, Spring Boot, MySQL, REST APIs, Hibernate, Maven

- Engineered a Spring Boot REST API platform to manage student profiles, course enrollments, and academic evaluations.
- Designed relational MySQL database schemas using Hibernate/JPA object-relational mapping for efficient data persistence.
- Implemented request payload validation, exception handling middleware, and role-based endpoints for secure operations.

### Restaurant Record Management Portal | Angular, Java, Spring Boot, PostgreSQL, SQLite, Hibernate/JPA, REST APIs, JWT Authentication, State Management

- Engineered a full-stack dining catalog system featuring an Angular frontend and Java/Spring Boot RESTful API backend.
- Designed relational PostgreSQL and SQLite database schemas using Hibernate/JPA for structured data persistence.
- Implemented JWT authentication, request validation, and Angular state management to optimize client-side rendering speed and secure endpoints.

### Automated System & Disk Sanitizer | Python, OS Module, Hashlib (MD5), File I/O, Psutil

- Built a lightweight Python system utility for automated resource monitoring and recursive duplicate file cleanup.
- Utilized MD5 cryptographic checksums and stream processing to accurately detect identical files across directory trees.
- Integrated diagnostic logging and interactive CLI cleanup options to recover disk space and maintain system health.

## EDUCATION

### Dnyansagar Institute of Management and Research, Pune (SPPU)

2024 – 2026

Master of Computer Applications (MCA) – CGPA: 7.32

Pune, Maharashtra

### C.T. Bora College, Shirur (SPPU)

2021 – 2024

Bachelor of Computer Applications (BCA) – Marks: 73.34%

Pune, Maharashtra

### Maharashtra State Board

2021 | 2019

Higher Secondary Certificate (HSC): 75% | Secondary School Certificate (SSC): 76%

Maharashtra
