

PRATIKSHA PARE

Pune, Maharashtra | +91-9764923573 | pratikshapare12@gmail.com
linkedin.com/in/pratiksha-pare | github.com/pratikshabpare

PROFESSIONAL SUMMARY

MCA graduate with hands-on experience in full-stack web development, backend microservices, RESTful APIs, and database-driven application systems. Proficient in JavaScript, TypeScript, Java, Spring Boot, React.js, Angular, Node.js, Express.js, MySQL, and MongoDB. Demonstrated expertise in designing responsive user interfaces, securing endpoints with JWT, building scalable CRUD APIs, and debugging within Agile SDLC environments.

TECHNICAL SKILLS

Programming Languages: JavaScript, TypeScript, Java, Python, SQL

Frontend Development: React.js, Angular, HTML5, CSS3, Bootstrap, Responsive UI Design, State Management

Backend Development: Java, Spring Boot, Node.js, Express.js, RESTful APIs, Hibernate, JWT Authentication

Databases & Storage: MySQL, MongoDB, PostgreSQL, Schema Design, SQL Query Optimization

Core CS & Concepts: Object-Oriented Programming (OOP), Data Structures & Algorithms (DSA), System Architecture, SDLC

Tools & Environment: Git, GitHub, Maven, Postman, VS Code, IntelliJ IDEA, npm

PROFESSIONAL EXPERIENCE

SetTribe IT Solutions

Jan 2026 – Jul 2026

Software Developer Intern

Pune, Maharashtra

- Engineered application components using Java and Spring Boot based on technical specifications within Agile workflows.
- Designed, tested, and debugged RESTful API modules, creating test suites that improved module reliability by 40%.
- Implemented JWT-based authentication and request validation routines for secure user session management.
- Collaborated in daily Agile sprint cycles, conducting code reviews and maintaining Git branches for feature releases.
- Investigated system issues and optimized database queries to enhance application performance and stability.

PROJECTS

PayStride – Multi-Tenant Payroll Platform | *Java, Spring Boot, MySQL, Hibernate, REST APIs, JWT*

- Architected a full-stack multi-tenant platform with Role-Based Access Control (RBAC) for automated payroll tracking.
- Modeled relational MySQL database schemas with indexing and normalized structures, boosting query speed by 40%.
- Implemented JWT session management and request validation middleware ensuring complete multi-tenant data isolation.

EduTrack – Student Management Portal | *Java, Spring Boot, MongoDB, REST APIs*

- Engineered scalable RESTful CRUD APIs handling 500+ student records with optimized NoSQL database queries.
- Structured modular controller, service, and repository layers for independent scaling of reporting and student services.
- Integrated server-side validation and exception handling, reducing data entry errors by 25% and improving reliability.

Mahakumbh – Digital Event Management System | *React.js, Spring Boot, MySQL, REST APIs*

- Developed an event coordination platform featuring Admin and Operator dashboards for real-time monitoring.
- Built secure RESTful APIs to process high-volume user registrations and event scheduling workflows with MySQL storage.
- Created responsive frontend components using React with state management for seamless live data synchronization.

Restaurant Record Management Portal | *Angular, Node.js, Express.js, MongoDB, RESTful APIs*

- Built a full-stack dining catalog management system with Angular frontend and Express.js REST API service layers.
- Integrated MongoDB document persistence and CRUD data pipelines to process dynamic restaurant menu catalogs.
- Created reusable UI components with form validation, lazy loading, and responsive layouts for consistent user access.

EDUCATION

Dnyansagar Institute of Management and Research, Pune (SPPU)

2024 – 2026

Master of Computer Applications (MCA) – CGPA: 7.35

Pune, Maharashtra

B.J.S. Arts, Commerce & Science College, Wagholi, Pune (SPPU)

2020 – 2023

Bachelor of Computer Applications (BCA) – CGPA: 8.77

Pune, Maharashtra

CERTIFICATIONS

- Microsoft Certified:** Azure AI Fundamentals | **Cisco Certified:** Junior Cybersecurity Analyst | **Python Certification**
