PROFESSIONAL SUMMARY

MCA graduate with an AI-first mindset, hands-on experience in Python, Java, RESTful APIs, SQL databases, and enterprise system administration concepts. Proficient in using AI productivity tools (ChatGPT, GitHub Copilot, Claude) for automated API testing, prompt engineering, code generation, and workflow optimization. Experienced in troubleshooting application issues, managing batch data integrations, system diagnostic logging, and requirements documentation in Agile SDLC environments.

TECHNICAL SKILLS

Programming & Languages: Python, Java, SQL, C++, C, JavaScript, Bash/Shell Scripting

AI & Productivity Tools: AI-First Mentality, Prompt Engineering, Generative AI, ChatGPT, GitHub Copilot, Claude, Codex

APIs & System Administration: RESTful APIs, API Testing, Data Integrations, Batch Processing, Application Support, Release Management

Databases & Enterprise Data: MySQL, PostgreSQL, SQLite, MongoDB, Database Normalization, SQL Query Optimization, Microsoft Excel

Software Engineering & QA: Software Testing, Unit Testing, System Diagnostics, Requirements Documentation, SDLC, Agile Methodology

Tools & Environments: Git, GitHub, Postman, Maven, VS Code, IntelliJ IDEA, Linux/Unix, Psutil, Schedule

PROFESSIONAL EXPERIENCE

SetTribe IT Solutions

Feb 2026 – Jul 2026

Software Developer Intern

Pune, Maharashtra

- Administered and supported backend application services using Java, Spring Boot, and Python scripts within Agile sprint cycles.
- Authored and executed RESTful API test suites and data validation routines, improving module reliability by 40%.
- Managed MySQL database integrations, batch processing activities, and user access controls to ensure audit readiness.
- Utilized AI productivity tools (Copilot, ChatGPT) for code generation, test case automation, and rapid defect troubleshooting.

PROJECTS

PayStride – Digital Payment & Wallet Platform | *Java, Spring Boot, MySQL, REST APIs, JWT, AI Tools*

- Configured and supported a multi-tenant platform with Role-Based Access Control (RBAC) to automate worker tracking and payroll.
- Designed relational MySQL database schemas with strategic indexing, optimizing batch data processing and query response times by 40%.
- Integrated JWT session security, input validation, and REST API contracts ensuring data privacy, tenant isolation, and audit readiness.

EduTrack – Student Management Portal | *Java, Spring Boot, MySQL, REST APIs, Hibernate, Maven*

- Administered RESTful CRUD services handling student profiles with optimized database queries and automated batch jobs.
- Implemented data validation pipelines, exception handling middleware, and role-based access controls to prevent data corruption.
- Leveraged AI productivity tools for automated API documentation, unit test case creation, and exception troubleshooting.

Platform Surveillance System – Automated Resource Monitoring | *Python, Psutil, Schedule, Logging*

- Developed a Python automation utility utilizing Psutil and Schedule to monitor system CPU, RAM, disk, and network utilization.
- Implemented process scanning and diagnostic logging to record process metadata including PID, CPU, and memory consumption.
- Integrated robust exception handling to troubleshoot environment issues and maintain continuous operational stability.

Automated System & Disk Sanitizer – Diagnostic Utility | *Python, OS Module, Hashlib (MD5), File I/O*

- Engineered a Python diagnostic utility to automate system resource monitoring, process scanning, and duplicate file cleanup.
- Implemented MD5 cryptographic hashing and automated logging to monitor process CPU, memory utilization, and system health.
- Integrated interactive CLI cleanup routines and exception handling to troubleshoot environment issues and maintain stability.

EDUCATION

Dnyansagar Institute of Management and Research, Pune (SPPU)

2024 – 2026

Master of Computer Applications (MCA) – CGPA: 7.32

Pune, Maharashtra

C.T. Bora College, Shirur (SPPU)

2021 – 2024

Bachelor of Computer Applications (BCA) – Marks: 73.34%

Pune, Maharashtra

Maharashtra State Board

2021 | 2019

Higher Secondary Certificate (HSC): 75% | Secondary School Certificate (SSC): 76%

Maharashtra

CERTIFICATIONS
