PROFESSIONAL SUMMARY

MCA graduate with foundational Python programming experience, including Object-Oriented Programming (OOP), Data Structures & Algorithms, and web backend development using Django and Flask. Proficient in data analysis, machine learning workflows, REST APIs, and relational databases. Hands-on experience with Python automation, model evaluation using Scikit-learn, and Java/Spring Boot application development.

TECHNICAL SKILLS

Programming Languages: Python, Java, C++, C, JavaScript, SQL

Python & Data Science: Pandas, NumPy, Matplotlib, Scikit-learn, Joblib

Machine Learning: Exploratory Data Analysis (EDA), Data Preprocessing, Classification, Regression, Model Evaluation

Web & Backend: Django, Django REST Framework (DRF), Flask, REST APIs, Spring Boot, Object-Oriented Programming

Databases: PostgreSQL, MySQL, MongoDB, SQLite

Automation & System Utilities: Psutil, Schedule, OS Module, File I/O, Hashlib (MD5)

Tools & Environment: Git, GitHub, Postman, VS Code, Linux, Maven, IntelliJ IDEA

PROFESSIONAL EXPERIENCE

SetTribe IT Solutions

Feb 2026 – Jul 2026

Software Developer Intern

Pune, Maharashtra

- Developed and implemented application features using Java and Spring Boot, integrating APIs and databases to enhance application functionality.
- Worked on application development and database integration, contributing to improvements in system performance.
- Collaborated with the development team to write test cases, identify bugs, and resolve issues before releases.
- Participated in Agile sprint meetings and code reviews while using Git for version control.
- Investigated issues discovered during testing and documented implemented fixes to support reliable application delivery.

PROJECTS

EduTrack – Student Management Portal | Python, Django, DRF, SQLite, Pandas, NumPy

- Built a Django REST Framework API to manage students, subjects, and results with CRUD operations across core models.
- Implemented model-level validation rules to prevent marks from exceeding the maximum limit defined for a subject.
- Developed an analytics endpoint using Pandas and NumPy to calculate average, median, standard deviation, and pass rates.
- Built a report-card endpoint ranking students against their batch using Pandas grouping, aggregation, and sorting.
- Wrote a test suite covering CRUD operations, validation rules, and analytics calculations with five tests passing.

Titanic Survival Prediction | Python, Pandas, NumPy, Scikit-learn, Joblib

- Implemented data cleaning by handling missing values and converting categorical data into formats suitable for modeling.
- Developed a Logistic Regression classification model and evaluated predictions using accuracy score and confusion matrix.
- Utilized Joblib to serialize and save the trained model for making predictions on new input data.

Advertising Sales Prediction | Python, Pandas, Matplotlib, Scikit-learn

- Performed exploratory data analysis using statistical summaries and visualizations to identify key factors influencing sales.
- Split the dataset into training/testing sets and trained a multiple linear regression model using Scikit-learn.
- Evaluated model performance using Mean Squared Error (MSE), Root Mean Squared Error (RMSE), and R-squared metrics.

Automated Disk Sanitizer – Duplicate File Detection | Python, OS Module, Hashlib (MD5), File I/O

- Developed a Python utility for duplicate file detection using recursive filesystem traversal and MD5 checksum hashing.
- Processed binary files and calculated content hashes to identify identical files across target directories.
- Added an interactive cleanup option to retain the original file while safely removing duplicate instances.

EDUCATION

Dnyansagar Institute of Management and Research, Pune (SPPU)

2024 – 2026

Master of Computer Applications (MCA) – CGPA: 7.32

Pune, Maharashtra

C.T. Bora College, Shirur (SPPU)

2021 – 2024

Bachelor of Computer Applications (BCA) – Marks: 73.34%

Pune, Maharashtra

Maharashtra State Board

2021 | 2019

Higher Secondary Certificate (HSC): 75% | Secondary School Certificate (SSC): 76%

Maharashtra
